# Batch or bale – Feeder

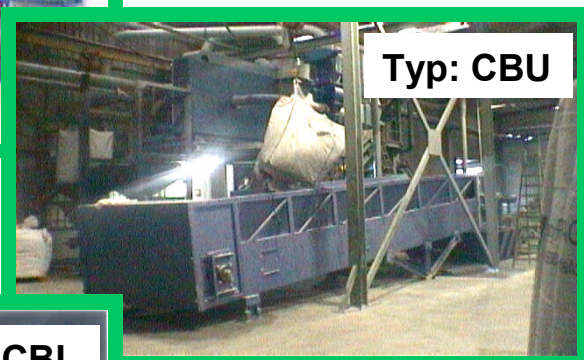

For all loose materials pressed in bags, rolls or cardboard boxes.

- **Increasing the plant availability by fully automatic feeding**
- **Solid construction for heavy materials**
- **Ease of service and operating by full casing**
- **Reasonable price**

CBO The bale feeder for heavy bales, rolls and bags.  
With light bareer control of the filling quantity.

CBU The bale feeder for shredders with a underlying position.

CBL The bale feeder by prevailing loose materials.

**Recycling Technology**
